

Consultation of Admission Arrangements for 2019-20

This consultation relates to admission arrangements for
Curledge Street Academy and Kings Ash Academy

Curledge Street Academy and **Kings Ash Academy** are considering changing the way in which applications for school places are prioritised.

Where there are enough places available in these schools, everyone who applies will be offered a place unless there is another school that is preferred by parents that can also offer a place.

Where there are more applications than places, both academies have a set of criteria to prioritise their applications.
