Barriers to achievement

At Kings Ash Academy we have identified the following barriers to achievement for some children

- Access to language / development of vocabulary from an early age.
- Behaviour - some pupils have specific social and emotional needs that affect their learning.
- Parent engagement with school e.g. support with homework, attendance at information evenings, awareness of requirements and standards in the new curriculum.
- Access to information / experiences that inform about the wider world.
- Access to technology.
- Lack of aspiration usually as a result of lack of self-esteem or limited awareness of the range of opportunities that exist
- Persistent absence

How will the school measure the impact of the Pupil Premium?

At Kings Ash Academy, data to track the progress of each cohort is collected at 6 points during the academic year (Oct/Dec/Feb/Mar/May and July). Review of this data, together with teacher observations, ensures the early identification of specific needs. Half-termly review meetings which include the Head teacher, Deputy Head, Assistant Head for Performance and Standards and the class teacher reflect upon the impact of support and any need to change the level/ type of support required. At each review meeting, the pupil premium pupils selected for specific support/interventions will be reviewed. Other pupils, not in receipt of pupil premium but with similar needs and targets, who would benefit from the same support / intervention, may be included in the chosen groups.

In addition, specific interventions will be assessed and reported on in keeping with the programmes recommendations. These assessments will be used to inform who should continue in the programme and who should not.

The expenditure and impact of Pupil premium funding is reported to the Trust Board annually. Within the board there is a portfolio holder for disadvantaged children. The portfolio holder will report to the board termly on the progress of the pupil premium strategy and the impact of funding.
