

Reception

Conflict and Resolution *Autumn term 2022*

Essential Question: Is everyone the same?

Call to action: To identify what makes us the same and different

About this unit: In this unit children will focus on Personal, Social and Emotional Development, Expressive Art and Design and develop their Understanding of the World.

Children will be learning all about their local area, Paignton. They will explore the local attractions and they will also use our new map skills to find where Paignton is on a map. We will consider some of the things that are associated with Paignton such as local foods. We will then compare our local area with another part of the world. This will be Turkey, as we have links to Turkey within our school. We will be comparing the similarities and differences between Paignton and Turkey. They will be finding Turkey on a world map, exploring how you could travel there and tasting and making turkish food. Children will also explore Turkish artwork and listen to turkish music. We will also look at the similarities and differences of how special celebrations are celebrated in each country such as Christmas and explore different faiths.

Reading & Writing:

Children will be learning two texts to help them understand what makes us the same and different. First they will be learning about Paignton and then they will learn a text about Turkey! We will also be practising the story of the Nativity and learning songs.

Children will continue to develop their reading skills through daily RWI sessions and we will see them start to apply these skills in their writing. They also have daily story sessions with teachers to help promote a love of reading.

Maths:

We will be learning numbers 0-5! We will be using Numberblocks to support our learning of these numbers. The children will be exploring different representations of the numbers i.e. tens frame, dice, day-to-day objects. We will be practising and consolidating skills such as 1:1 counting and recognising small groups of objects without needing to count them.

Physical Development

This term we will be exploring different ways of moving. We will also be having P.E sessions with Mr Blacker and Mr Saunders to help further our skills with throwing and catching and negotiating space.
