

Year 3 - Summer 2

Maths:

During this half term, we will be looking at time and shape in maths. In our time unit of work, we will be looking at telling the time to 5 minutes and to the minute. It would be really useful if you could start to introduce this at home.

Computing:

In computing, children will continue to develop their confidence in using the programme Scratch.

English:

In English, we will be exploring the texts *Fantastically great women* and *Oliver and the Seawigs*. These texts will allow us to explore biographical writing and adventure stories!

Science:

This half term we will be looking at plants. We will be exploring the different parts of plants and their functions.

P.E:

This half term we will be learning how to play tennis and rounders.

DT:

In this DT unit we will be exploring what it means to eat seasonally. We will have lots of fantastic opportunities to make some delicious food!

Geography:

Collins

This half term we will be working to answer the question, 'Why do so many people in the world live in megacities? Children will explore the benefits and problems faced from living in megacities.'

Art:

In art, we will be continuing to develop our drawing skills. We will be linking this with Ancient Egyptian art and making our own scrolls!

Keep in touch through Seesaw. We will be sharing our learning with you at home.
