

## Maths

In maths, we will be exploring multiplication. We will look at new written methods for multiplication and division and we will work on building fluency. Children will learn the formal method for multiplying 4 digit numbers by 2.

# Year 5 - Autumn 2

## Guided reading:

In our guided reading lessons some of the children will attend Fresh Start whilst the rest of the class will be reading the text, 'Who let the God's out'. Skills taught will be summarising, clarifying, analysing and inference.

**PE:** The children will be focusing on handball and indoor athletics. Building on team work and using eye-hand coordination.

**Music:**  Looking at Musical Theatre, our performance skills and Christmas songs.

**English:** We will be exploring a wide range of poems. Developing drafting and editing skills to craft our own poems. We will then be looking at the text 'Great Explorers' and will be using this text to write our own biographies.

## Science:

We will be learning about how mixtures of solids and liquids can be separated. We will look at some things that might make a difference to separating mixtures and look at some real life examples.

## Geography:

The children will look at the Geography of our local area and the geography of a location in Iceland. They will explore how volcanoes are explored and how people's lives are affected when they erupt.

**Collins**

## Computing:

In computing, we will be editing and creating videos. Children will learn how to remove unwanted content.

## PSHE:

We will be learning about health and wellness. We will look at what causes us to worry and how relaxation is important. We will also look at 'healthy diets'.

**DT:** In DT, we will be looking at different bridges and their structure. Children will investigate what makes a bridge stronger.

## RE:

We will be looking at creation and science and how Christians' believe that God was the creator.

Keep in touch through Seesaw. We will be sharing our learning with you at home.
